

## European Championships Mixed Teams

The *European Mixed Championships* was established in 1990, following an idea by the former EBL President José Damiani.

During the Championships of Tenerife in 2001, the General Assembly and the Executive Committee of the European Federation have decided, starting in 2003, the restructuring of the *European Championships* in *European Teams Championships* and *European Open Championships*.

As part of the *European Open Championships* held in odd years has included a *Mixed Transnational Teams Championships* allowed to an unlimited number of bridge players freely composed and from all over the world.
